Quite a number of visitors were in Ocala Monday from various portions of the county, among whom we noted the following: C. C. Priest, F. W. Ellison, Dr. D. A. Smith, C. M. Murphy, and B. C. He says that some days ago he purchased a thousand head and sold off about four hundred. His flock now numbers about thirteen hundred and their wool has more than paid twice for the entire number.

More than anything else decaying vegetables produce epidemics and diseases, so don't cut down the weeds unless they are to be immediately removed or destroyed. If they cannot be carted off let them grow. There is no sickness in a rapidly growing plant; indeed, they are malaria absorbers.

Mr. M. A. Davenport, of Weirsdale, was in Ocala Tuesday. He happened to a painful accident Sunday while assisting some ladies aboard the train. Before he could get off the car the train was in motion and when alighting he struck his feet on a rock, which overbalanced him and in his contact with the ground his shoulder was dislocated. Martin, of Moss Bluff, and a number of others.

Prison Inspector Newton A. Blitch was in the city Monday and reported a shooting scrape at Williston recently between Mr. Dunlap Finney and a Mr. Lohman. It seems that Lohman married Finney's daughter and afterwards they separated and Lohman meeting Finney spoke to him. Finney resented it saying that he had forbidden him ever to speak to him again whereupon Lohman pulled out his revolver and opened fire on Finney, firing five times without effect. Finney then said, "It is now my time," and the first shot inflicted a serious and perhaps mortal wound on his opponent.

### Take Pride in Your Stationery and Get the Best.

The business man who seeks to economize on his stationery bill by using trashy stuff and work is a back number. People at a distance size him up by the stationery he uses, and he naturally suffers from bad impressions made by letters.

They may be a little slow across the water to digest our alleged humor, but when it comes to the necessities of commercial requirements they may be reckoned in the first rank. A London publication emphasizes the following paragraph:

"Your business stationery should form a part of your advertising campaign. The difference in the cost of good paper and common is not great, but even if it were to cost twice the amount it will repay the outlay."

In the Ocala Banner job rooms are to be found the very best.

### Having a Houseboat Built.

Mr. J. C. Howell, of Ocala and Anthony, and a party of friends are having a houseboat built at Grahamville.

This boat will be a double-decker and appointments will be complete. It will have state rooms, dining room, kitchen and a salon large enough to be used as a dance hall.

Mr. Howell and his friends expect to spend three months or more on this boat next summer. They will visit Lake George, Green Cove Springs, Lake Jupiter, Salt Springs, Mayport, Pablo and Atlantic Beach and will cruise up and down the St. Johns and Ocklawaha rivers and expect to have an ideal time.

### Runaway at Crystal River.

Monday morning at Crystal River a mule that was being driven by Mr. Shine, the well known borer for the Pearson Oil and Gas company, became frightened and ran away. In the vehicle with Mr. Shine was Mr. Stevens, who until recently worked at the fire station in this city. Both men were thrown from the buggy. Mr. Stevens escaped unhurt but Mr. Shine was unlucky enough to succeed in having his collar bone broken. He was brought to Ocala on the evening train for medical treatment and is now at the Montezuma hotel.

### Dr. Dozier to Conduct Services at the Episcopal Church.

During the month of September in the absence of the rector, Rev. G. H. Harrison, Dr. Harry C. Dozier will hold lay services at Grace Episcopal church.

### Little Miss Burford Gives Party.

Tuesday was the sixth birthday of little Agnes Burford, the small daughter of Mr. and Mrs. R. A. Burford, and in honor of this important event her mother gave her a birthday party. In pretty little white frock with a ribbon sash she was a veritable little fairy and she received her guests, all of whom came to the party in spite of the rain. The little folks had the jolliest time possible. The ice cream, cake and other goodies were served in the dining room, and all the little folks will have happy recollections of Agnes' party.

### The Five Vowels

At school the master warned me that I never should forget  
That there are just five vowels in  
The English alphabet.  
He said: "You must remember them;  
You'll find it useful too."  
And then he said the vowels five  
Were A, E, I, O, U.

Since I've grown up I've found that I  
Can flourish and can thrive  
With fewer than he told me of;  
I do not need the five.  
The fact is, three are quite enough;  
So I've discarded A and E  
And stick to I, O, U.
